

FY2019 Guide to Off Year Application

for Projects Occurring July 1, 2018 through June 30, 2019

Please refer to the [FY2019 Guide to Grants](#) for complete information on MAC funding policies.

Grant Programs are subject to change due to budget restrictions.

Eligibility Requirements

If your organization received annual FY2018 funding in Arts Council Project (formerly called Community Arts), Electronic Media, Festivals, Folk Arts, Literature, Multidiscipline, and Music (Instrumental and Vocal/Presenters), you must submit an Off-Year Application to receive FY2019 MAC support.

If your organization did not receive annual FY2018 funding in the above categories, then you cannot use the FY2019 Off Year Application. Instead, your MAC funding options are the FY2019 Annual Discipline or Express Grant. Contact the [appropriate Program Specialist](#) for guidance choosing the grant program suitable for your arts project, budget, and timeline.

All Off Year Applicants must comply with all applicable requirements outlined in the current Guide to Grants. This may include audit (depending on budget size), funding restrictions, and attachments. If stipulations were included in your on-year support, they still apply. Support materials are not required.

Deadline

Due to the new online grants system, the FY2019 deadline is March 12, 2018. Normally the Off Year Application is due the last Monday in February.

Multi-Year Review Cycle

Most of MAC's annual strategic grants are reviewed every other year. Organizations receiving operating support are reviewed every three years.

For the "on year," an organization submits an application for an arts project occurring during one fiscal year. The panel's review of the proposal determines the organization's score for two (or three) years—the review year and following year(s)—using the funding formula (details below).

During the "off year," an organization submits an Off-Year Application. The off-year award is determined by a funding formula which is based on the on-year score, on-year request amount, and available funding as follows:

1. Calculate funding to a single iteration (request amount multiplied by the score). For example, if the score was 86.5, the request would be multiplied by .865.
2. Multiply that iteration with an adjusting percentage that brings the total to equal the amount of budgeted funds. The adjusting percentage is determined by dividing the total available funds by the total requests. For example, if the available funding were \$100,000 and the request total was \$250,000, the adjusting percentage would be 40% (request total/available funding =.40).

Due to MAC funding fluctuations, an organization's award amount can vary from year-to-year. The available funding depends on allocations from the General Assembly and National Endowment for the Arts as well as the budget approved by the Missouri Arts Council board at the June meeting.

Grant Request

Your request should match the original request in your on-year application, not the final award amount.

Match Requirement

Missouri Arts Council grants must be matched one-to-one. The matching funds must come from other cash revenue sources—earned private, or federal or local government. Please note that state funds cannot be matched with state funds. Also, consult the current Guide to Grants for additional policies.
